-  *Pactiv manages many US facilities dedicated to support your Agriculture Clamshell needs (6 manufacturing & 11 warehousing).*
-  *Pactiv recycles 90% of its plastic manufacturing process scrap directly back into products and recycles corrugate and remaining plastic scrap through suppliers and recycling services.*
-  *Many Clamshells have evolved to look like ours. Please ask for Pactiv by name!*

PET (-20°F/-29°C - 120°F/49°C)

These guidelines are supplied to assist you in determining the proper use of Pactiv products. They are based upon testing and published guidelines and are reliable in most applications. However, because every food supplier's recipes, ingredients, processes and supply chain is unique, these guidelines are not a substitute for product testing. Confirmation of product acceptability under your specific conditions of use must be done by you.
